

Creating healthy futures for communities impacted by HIV/AIDS.

Camp Heartland – Sponsor A Child

Every year Project Response sends children affected or infected by HIV/AIDS to Camp Heartland. A week long camp where they meet other kids in their same situation. The week includes air travel, coach travel, food, lodging and chaperons to and from the camp. The cost to send each child is \$450.00, if you or your group can sponsor a child this year it will make a huge impact on creating a positive impact on these kids lives. We are sponsoring 28 children this year. You or your groups support is greatly appreciated.
